31 Ruddle Street Wilkes-Barre

The first official day of spring is March 20! So whether there's still snow on the ground or flowers in bloom, you can rest assured that nicer weather is on its way. Usher in the new season with a bit of spring cleaning, some fresh flowers and — if you can get outdoors — a little dirt under your fingernails!

Daylight Saving Time

It is that time of year again when wake up calls mean sunshine and days get a bit longer. "Spring forward" to Daylight Savings Time on 11 March.

Spring is finally here! First General Services recommends the following to-do list to help prepare your home for the new season:

- ✓ Spring forward! Remember to replace batteries in your smoke and carbon monoxide detectors
- ✓ Change the filter in your HVAC system
- ✓ Check the base of your water heater for evidence of leaks. If you live in an area with hard water, drain your water heater to reduce build up in the tank
- ✓ Seal tile grout. Although ceramic tile is one of the lowest-maintenance and toughest flooring options, the grout between the tiles is porous and easily absorbs stains. Clean and seal it!
- ✓ Clean your garbage disposal by grinding 2 trays of ice cubes made from white vinegar and water

Change your clock,

CHANGE your batteries
